

MANGROVE
SCHOOL OF
SARASOTA

I love the Earth Nature Camp! J'aime la nature! Little Naturalist French Immersion Summer camp.

At summer camp this year we will focus on nature and loving the earth, while learning about trees, birds, insects and plants. We will care for the garden and connect with plants and growing our own food.

We will play games, create art , and make organic homemade popsicles. We will speak and learn french! We will play in the water! We will sing songs from around the world! We will dance dances of universal peace! Free play too! This camp will take place outdoors and inside, from 9am-1pm.

Please pack: bathing suits, towels, water bottles, snacks, change of clothes, and a sun hat

Week 1 June 11-15

\$175 x ___ camper(s)=\$_____
